NEW YORK PORTRAIT ASS'N.

A number of well-known and successful Portrait Artists have formed an Association under the above title with the object of producing work of a very high order of merit at the minimum of cost. The Association will be conducted on the cooperative plan, and, by keeping each artist constantly employed in that particular branch in which he is an expert, they will be able to make first-class Portraits in Crayon, Pastel, Oil and Water Colors at a very considerable reduction from usual prices.

We have just completed arrangements with the Association whereby we become Sole Agents for the display and sale of their work for the United States and Canada. We hold ourselves directly responsible to our customers for the prompt and satisfactory execution of all orders entrusted to us. And to more thoroughly introduce the department and incidentally advertise our other goods, we are prepared to take orders now at these special prices:

CRAYON PORTRAIT, (Size, 20 x 24, with fine Antique Oak or Gold Frame.) \$10.00

CRAYON PORTRAIT, (Size, 25 x 20, with very handsome Antique Oak or Gold Frame.) \$15.00

PASTEL PORTRAIT, (Size, 25 x 20, complete, with very rich Antique Oak or Gold Frame.) \$25.00, \$35.00

Always send a good photograph when ordering picture.

We make a specialty of portraits of DECEASED PERSONS, which are reproduced with remarkable accuracy from photographs, tin types, daguerrestypes, or any other likeness. When sending picture, always state size of portrait, color of complexion, eyes, hair, etc.

MAIL-ORDER TRADE OF TO-DAY.

WITHIN the past few years the mail-order trade has grown to be a most important feature of the retail trading system of the country. The immense volume and magnitude of the business done in this way, and the science and system required in its management, are striking illustrations of the progressiveness of the age. Steam and electricity solve the problems of time and space, and by means of our carefully-edited catalogue customers remote from commercial centres can make their purchases with the same advantages as though they were individually shopping at our counters.

Our Mail-Order Department, always a strong and substantial feature of our business, has grown at even greater pace during the past six months than ever before. Untiring energy, special skill, intelligence and industry on the part of all the employees have reduced the seemingly endless world of detail, necessary to the conduct of such a department, to a system so perfect that mistakes, or even delays, in filling orders are now rarely, if ever, encountered.

An extensive mail-order custom, such as we now enjoy, can only come with the confidence of the public, for in no other branch of trade is business done so largely on confidence. What woman, for instance, would send payment in advance and entrust the making of a suit, or hat, or cloak, or complete trousseau to an untried dealer? Yet the volume of our trade in special orders of this kind alone is greater than the entire mail-order business of many of the other great dry goods houses in the country. Such a patronage, we repeat, bespeaks unshaken confidence in our business methods, earned by years of honest and conscientious service.

For the Summer of 1890 we are prepared with abundant stocks, and a most perfect mechanical and clerical equipment. We have spared neither cost nor effort in our determination to make each of our departments the best and most complete of its kind in existence. Represented, as we are, in all the leading markets of the world, purchasing always at first hands, and in enormous quantities, we are enabled to lay before our patrons unequalled assortments from which to select; while in the matter of prices there is nothing but import duties and one small profit between our customers and the European manufacturers.

In soliciting your custom, therefore, we feel that we are able to offer you superior inducements—reliable merchandise at lowest prices and service that is not excelled in any merchandising establishment in America.

The great popular demand for our SPRING AND SUMMER FASHION CATALOGUE having exhausted an edition of more than 80,000 copies, has made necessary the publication of this **Summer Number**. Owing to its limited size and the haste of preparation, this book contains only a very partial list of the goods that will be kept in stock during the coming three months.

To persons residing at a distance from the city, who have not received our regular Catalogue, we will on application mail FREE a copy of this book or our Fall and Winter number, which will be ready about September 1st, next.

HOSIERY DEPARTMENT.

Soap should never be rubbed in fancy hosiery when being washed; use suds only, made of the best soap. Wash, dry and iron on the wrong side, which should all be done quickly.

The above cut represents our trade-mark, which is stamped on every pair of our fast coal-black hosiery. By the introduction of these goods we supply a long felt want, **Fast Coal Black in Cotton Hosiery**. This is a success we have attained after several years of study and an expenditure of thousands of dollars in experiments.

WE GUARANTEE

Our fast coal black to be positively fast, and not to soil the underwear or feet even when subjected to perspiration. Our process not to tender the fabric more than an ordinary black or other coloring matter. Our black free from all poisonous matter, an important fact that is overlooked in many so-called fast blacks. Our black not to turn brown after washing, but to remain a rich blue-black until worn out. All of the above, and are ready to make good all just claims.

Mr. LEE. "Why, Addie, you needn't cry about it. I only said Mrs. Allen was a very well-informed woman, and I wished you would follow her example."

Mrs. LEE. "Yes, and last week you said you wished I could manage to look as stylish as Mrs. Allen—at she makes all her own clothes. But she has what I haven't."

Mr. LEE. "What is that?"
Mrs. LEE. "Well, she gets all of her information from the Magazine. I admit that she knows all that is going on, and is bright and entertaining in conversation, but I could do as well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more in one hour's reading, about various social matters and the topics of the day, than I would pick up in a month, by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of housekeeping; and everything is so beautifully illustrated, too. Every time Mamie goes over to the Allens' she comes back and teases me to get you to take Demorest's Family Magazine, as the stories are so good. Even the boys watch for it every month, as a place is found for them also in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"
Mr. LEE. "Well, perhaps I had better order for a Specimen Copy; for, if it is anything like what you say it is, it will amuse and instruct the whole of us."
Mrs. LEE. "I see that. Jennings Demorest, the publisher, 15 East 13th Street, New York, is offering to send a Specimen Copy for 10 cents. So we can't lose anything, as each number contains a 'Pattern Order' entitling the holder to any Pattern she may choose, and in any size—which alone makes each copy worth 30 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only \$2.00 a year, and must say I can't see how they can publish so elegant a Magazine for so little money."

WHAT THEY SAY!

SINCE the days of our old grandmothers, when the genuine Root Beer was so much relished and enjoyed, very little opportunity has been afforded to quench the thirst with the delicious home-made Root Beer, and only since the wide-spread popularity of Hires' Root Beer packages are the fancies of olden times to be realized.

That the many thousands who drink Hires' Root Beer have not only received pleasure in quenching their thirst, but also a great benefit to their health, is attested by the many thousands of letters we are continually receiving from all parts of the world.

Ask for **HIRES'** and take no other.

DR. HIRE'S:
Some of our dealers, when I have asked for Hires' Root Beer, have tried to get me to take other kind. I have tried several other makes, but I will not use any other kind if I cannot get Hires'.

Druggists and grocers ought to know their customers, but they cannot sell me any other Root Beer when Hires' is to be had. It is the genuine Hires'.

DR. W. M. SAYLER,
Lowell, Mass.

I have used many bottles of your Root Beer, and I like it very much and says it does her. She began to use it last summer, and have used it through the winter. Some of our relatives use it too, and they all like it very much.

I was glad to get your Root Beer, and my folks like it very much, and I wish to tell you how it helped a little girl who was troubled with her stomach so that she could not eat or drink, and was thought to be beyond recovery, but your Root Beer helped her. Send me another bottle.

T. A. STOWERS, Wyoming, Ill.
The package received, and I made the Beer for my fountain. It is the finest I ever drank. Shall sell it from this date. You will please send me the name of firm that manufactures bottles.
